

# AI & Data Science Bootcamp

Ten weeks of the full AI and data-science lifecycle, evenings only. Phase 1 (2 weeks) is a Python and analytics foundations sprint; Phase 2 (8 weeks) takes the cohort through ML, deep learning, generative AI, and a deployed capstone product.

[coded.kw](https://coded.kw)

## Duration

10 weeks

## Foundations

Python

## Fields

Machine Learning

Data Modeling

## Tools

Pandas

scikit-learn

PyTorch

OpenAI

Anthropic

Format: Bootcamp · In person

Duration: 10 weeks

Timing: 5:00 – 8:45 PM

## Dates for 2026

\*Dates may change. Check [coded.kw](https://coded.kw) for the latest.
