

[DATA SCIENCE & ANALYSIS]

Power BI Workshop

Three hands-on days turning raw business data into a live executive dashboard. Each participant ships a deployed Power BI dashboard for their own department by Day 3, on real data, ready to demo to leadership on Day 4. Delivered by Dr. Ammar.

DURATION	FORMAT	TIMING	PER SEAT
3 days 18 hrs total	Workshop In person	8:00 AM – 2:00 PM	KWD 250 per seat

FIELDS

 Machine Learning Data Modeling

TOOLS

 Power BI Pandas NumPy

What you'll walk out with

- ✓ Each participant builds a complete Power BI dashboard from raw business data
- ✓ Model relationships and write DAX measures for executive reporting
- ✓ Publish a live, shareable dashboard inside their department
- ✓ Connect Power BI to Excel, CSV, and SQL sources without engineering help
- ✓ Walk out with a deployed dashboard ready to demo on Day 4

[CURRICULUM]

3 modules across 3 days

01

6 HRS 1 SESSIONS

Day 1, Foundations & Data Modeling

Power BI Desktop setup, Power Query transformations on Excel/CSV/SQL sources, star-schema modeling and relationships, first DAX measures, and basic visuals.

02

6 HRS 1 SESSIONS

Day 2, Visualizations & Dashboards

Visual best practices, end-to-end sales dashboard build, slicers, drill-through, bookmarks, publish to Power BI Service, BYOD clinic on real data.

03

6 HRS 1 SESSIONS

Day 3, Advanced & Capstone

Advanced DAX (CALCULATE, FILTER, time intelligence, RANKX), performance tuning, capstone dashboard deployed for the participant's own department.

[COHORTS 2026]

3 cohorts scheduled

NEXT	July 12–14, 2026	OPEN
COHORT 2	September 1–3, 2026	FILLING
COHORT 3	November 1–3, 2026	FILLING

[AT A GLANCE]

Logistics & enrollment

DURATION	3 days (18 hours)
FORMAT	Workshop · In person
SCHEDULE	Morning shift, 8am–2pm, three consecutive days
LOCATION	CODED Campus, Free Trade Zone, Kuwait
PER SEAT	KWD 250
PREREQUISITES	No coding required
CLASSROOM	Morning Legacy (33 seats)

Who this is for

BI analysts, finance leads, and ops managers who already build reports in Excel or PowerPoint and want to move to live dashboards. No prior coding required. Spreadsheet comfort and a basic understanding of rows, columns, and formulas is enough. Recommended seniority: analyst → senior manager. Maximum cohort size: 33.

[YOUR INSTRUCTOR]

LEAD INSTRUCTOR, DATA SCIENCE & AI**Dr. Ammar Alhaj Ali**

PhD in Big Data, Data Science and AI, with a decade across academia and industry as a senior AI researcher and Head of AI at Kenda AI. Lead instructor on CODED's Power BI workshops, with a multi-year delivery track record across enterprise cohorts in Kuwait.

Frequently asked

Do attendees need to install anything before Day 1?

Power BI Desktop (free) on a Windows laptop is ideal. Mac users can join via VDI. We send setup instructions one week before the workshop.

Is the dashboard each attendee builds theirs to keep?

Yes. Every attendee builds on their own data and owns the artefact end-to-end.

Can we book just a couple of seats?

Yes. Seats are sold individually, with the same per-seat price whether you send one person or a full team.

Ready to enrol your team?

We'll come back with seat confirmation, the next available cohort, and the invoice.
